# WHAT IS TEACH FOR HONG KONG?

Teach For Hong Kong is a 5 year-old education nonprofit nurturing young leaders that **drive systemic changes** in all sectors for education equity.

In the last five years, **our Fellowship Program** has recruited **110+ young people** to teach in underprivileged schools for a year, and moved on to all sectors to create systemic change.

## OUR MODEL: SHORT AND LONG TERM

### STAGE 1

**Find** promising and diverse talent to teach for one-year

### STAGE 2

**Nurture and support** Fellows to make direct impact on students

### STAGE 3

**Cultivate** their long-term leadership during the year

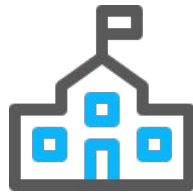

### STAGE 4

**Grow a community of leaders** to create sustainable changes

# FELLOWSHIP PROGRAM STRUCTURE

Fellows teach full-time for a year at grassroots schools...

## Summer Institute

(6 Weeks)

- Teaching training with QSIP of CUHK
- Education innovation
- Leadership and career development

## Teaching Placement

(10 Months; \$16k Monthly Stipends)

- TFHK on-going training & support
- Empower students' academic and life pursuits

## Alumni Impact

(Post-fellowship)

- Alumni network
- Diversified educational impact
- Employer partnerships

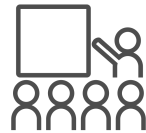

# We recruit graduates to be employed as a teacher at underprivileged schools for a year

## Our Belief

Underprivileged students lack family care and resources that hinders their Whole Person Development

## 1 Whole Person Development

Fellows are in a **paid, full teacher capacity** (not a TA):

**Curriculum Teaching**  
10-12 lessons/week

**Extracurricular Activities (ECA)**

**Life & Career Education (LCE)**

## 2 Fellows station as full-time teachers for ONE year

Fellows can take better care of students' **genuine needs and potential**:

- **Time and Care for Students**  
Build rapport with students and provide close guidance
- **Classroom Innovation**  
Carry out initiatives to increase students' learning motivation and bring profound impact to schools

# Our Fellows come from all majors & backgrounds

## What graduates from diverse majors can bring into the classroom....

Different exposures for grassroots students

Resources to organize extracurriculars

Innovative methods to spark learning interest

Leadership experience to bring change

*My background in finance allows me to bring mentorship from Credit Suisse to my students*

Ringo - Quantitative Finance, HKU

*By sharing my experience in the lab, I really sparked my students' interest to explore more in the STEM field*

Vincent - Biochemistry, HKUST

*I found my experience leading student organizations useful when I try to initiate activities and facilitating school-wide changes*

Katy - Earth Systems Science, CUHK

# Nurture and support our Fellows to be leaders in and out of the classrooms

## Summer Institute

(Prior to School Placement)

- 84 hours of **Teaching Training and Practice** offered by CUHK's QSIP “[優質學校改進計劃](#)”
- **Education Innovation** Workshops, e.g. Flipped Classroom, Computational Thinking, etc.

## Ongoing Development Support
