a. Reasons for Exchange

To go on exchange is to challenge yourself to **see things from a new perspective**, to **rediscover yourself**, your city and your culture from a global stage; and to hopefully, when you return, help end the prejudice, bigotry, and narrow-mindedness of the world we live in.

- ✓ Immerse yourself in a foreign culture
- ✓ Expose yourself to a new educational culture at a different university
- ✓ Equip yourself with new academic and interpersonal skill for future career and life
- ✓ Meet new people from different backgrounds
- ✓ Learn how to be more independent
- ✓ Take courses not available at CUHK

When should I start planning?

Planning to go on exchange should begin as early as possible. It will take approximately 9 months from the time you start planning, to the time you leave Hong Kong for your exchange destination. To qualify for admission to some exchange programmes and to take full advantage of the experience, you need to achieve certain minimum academic standards and where appropriate, build a foundation in a foreign language. Careful planning will prepare you for your exchange as well as meet the requirements.

Special Note

Exchange Before Fulfilling Graduation Requirements

According to the [Regulations Governing Full-time Undergraduate Studies](#), CUHK students who have satisfied all graduation requirements shall graduate (Regulation 12.1). Students are strongly recommended to have good planning of their academic study so as to go on exchange before fulfilling all graduation requirements (i.e. avoid extension of study period for exchange after fulfilling all graduation requirements).

You should check your credit unit requirement and other requirements for graduation and decide how many course units you plan to enroll in each academic term and apply to go on

exchange before the course unit requirement is fulfilled. Check [Regulation 5.1 of the Regulations Governing Full-time Undergraduate Studies](#) for course unit requirement of your study.

b. Tips for Choosing Exchange Programmes

****Special Note****

- With international student exchanges being severely impacted by health and safety issues since the 2019-20 academic year, the number of outgoing exchange programmes and places available for the 2022-23 academic year will be reduced. Some programmes available previously may not be offered in 2022-23.
- The preliminary list of exchange programmes and associated places will not be available until early January 2022. When applying, you should list your preferred exchange destination(s) in the [Online Application Form \(Part I\)](#). You will be allowed to review the most up-to-date exchange programme list and revise their programme choice in early January 2022.
- The list of exchange programmes and respective admission requirements are for reference only.

Please click [HERE](#) for details of the admission requirements of the exchange programmes.

(For reference only)

****Words in refer to columns of admission requirements of the exchange programmes.****

1) Destinations

You should read carefully the and of the exchange programmes. Some programmes are NOT open to / ONLY open to students of certain disciplines. You also need to pay special attention to the medium of instruction of the courses.

You may check the ranking of various universities in a particular subject here:

<https://www.topuniversities.com/subject-rankings/2021> (For reference only)

2) Duration

You have to decide how long will you go on exchange. The duration of exchange period varies among programmes. You may check the of the exchange programmes.

Besides, teaching terms of exchange programmes may be different from CUHK. Please scroll through the website of the universities for details.

3) GPA requirement

Most exchange programmes have set the minimum GPA requirement for students. Most programmes in Europe and the United States require students to have at least 3.0 GPA on a 4.0 GPA scale, while the GPA requirements of Japanese and Korean universities are generally lower.

Please ensure that your cumulative GPA (with NO ROUNDING) fulfills the of the exchange programmes that you are interested in.

4) Language (TOEFL / IELTS and Other Languages)

Remember to check if the programme you are interested in has any non-English language requirements. Most programmes do not require you to know a language besides English. Universities often require you to submit an official document based on a language test, certifying your language level when you apply. You may check the of the exchange programmes.

English Language Proficiency Test (TOEFL / IELTS)

Most Exchange Programmes require applicants to provide a valid TOEFL/ IELTS score by a specific deadline. Please check the [Minimum requirement of TOEFL score \(Internet-based\)](#) and [Minimum requirement of IELTS score](#) of exchange programmes. If you are interested in one of these programmes, you are strongly advised to take a TOEFL/IELTS test **as early as possible** and submit a copy of your TOEFL/ IELTS test report to **Information Counter, LG1, Wen Lan Tang, Shaw College no later than 5pm, 6 Jan 2021 (Thu)**. Otherwise, you will NOT be considered as an eligible applicant. In this connection, your immediate action of registering and sitting in a TOEFL/ IELTS test is required.

Please ensure that you have inputted the correct information and uploaded a clear image of your TOEFL or IELTS test score report to the online application form (Part I). Your full name, test date and score should be clearly shown on the report; missing or incorrect information will affect your eligibility.

What is a valid TOEFL or IELTS score?

Your TOEFL/IELTS score is valid only if your score report is issued for no more than 2 years when you submit your admission application. TOEFL/IELTS scores resulted from tests [on or after 1 September 2020](#) are valid for the application for 2022-23 exchange programmes.

Should I take TOEFL or IELTS test?

You should check the particular English language requirements of your interested programmes before you register for either one of the tests. Some programmes ONLY accept either TOEFL or IELTS test. Please make sure that you have taken the right test.

Even if you are interested in a programme that does not require a TOEFL or IELTS score, you should still sit a TOEFL or IELTS test as soon as possible if your preferred programme has English-proficiency requirements, which usually means a valid TOEFL or IELTS score.

If you are a student and apply to an Australian university, you must meet the English Language Test requirement for obtaining an Australian student visa

(See <https://www.homeaffairs.gov.au/trav/stud> for details).

Students who wish to go to United Kingdom for exchange are recommended to sit for IELTS (UKVI Academic) test, to fulfill UK (Tier 4) student visa requirement. Further information on the approved test can be referred to the British Council Hong Kong website <https://ielts.britishcouncil.org.hk/iorps/html/registration/selectExamTypeServlet.do?vEngine=> and the UK Visas and Immigration website <https://www.gov.uk/tier-4-general-visa>. This document will be updated from time to time to reflect relevant change(s) to the individual programme's IELTS requirements.

More about TOEFL:

<http://www.hkeaa.edu.hk/tc/jpe/toefl/>

More about IELTS:

<http://www.ielts.org/>

Foreign language requirement (e.g. French and German, etc.)

Some universities offered a limited amount of courses taught in English, thus it is necessary for the students to have adequate language proficiency BEFORE they submit the choice to Shaw College.

If you would like to select an exchange programme that requires proficiency in other languages, such as German – Intermediate or Spanish – Intermediate, you **must** indicate in your online application form (Part I) that you have the level of proficiency at least one level

lower than the specified requirement (e.g. if the requirement is German – Intermediate, you must indicate that you have the proficiency of elementary German). Otherwise, you will not be considered for that particular exchange programme.

If you have not taken a language test (for French, German, Spanish, Japanese, etc.), please consult your language teacher regarding your level of proficiency. Please note that Shaw College or the Office of Academic Links will not certify your language proficiency under these circumstances.

Your level of language proficiency is often related to the number of hours you have spent learning the language, so students should pay attention to the details of the lessons they have attended rather than their titles. For example, immediate level courses at CUHK are not equivalent to CEFR B1-B2. Please consult your language teacher for further guidance. For more information about European languages, please refer to the Common European Framework of Reference for Languages.

FOR REFERENCE ONLY

French/German/Italian/Spanish courses at CUHK

Language Proficiency	CEFR Levels	Equivalent courses at CUHK	No. of Tuition Hours of CUHK Courses	Estimated No. of Tuition Hours Equivalent to the CEFR Scale
Elementary	A2.1	Language IV	168	150
	A2.2	Language V	210	
	A2.3	Language VI	252	180-200
Intermediate	B1			300-400
	B2			500-600
Advanced	C1			700-800
	C2			1000-2000

By the time students participate in the exchange programme, they should have completed:
 at least 200 hours = A2
 at least 300 hours = B1
 at least 500 hours = B2
 at least 700 hours = C1
 at least 1000 hours = C2

Note: For non-English language requirements, students must have the proficiency level which is at least one level lower than the specified requirement. (e.g. if the requirement is German – Intermediate, you MUST indicate you have the proficiency of elementary German.)

5) Accommodation

Most partner universities provide on-campus accommodation to exchange students. You need to pay either CUHK hostel fee or housing fee at the host university. Some programmes provide only off-campus accommodation, but the host universities usually assist students in finding off-campus accommodation. Please check Remarks for details.

Community housing

Many students will share room or apartment with other international students off campus during their exchange period.

Renting an apartment abroad can be a real challenge. You should be prepared to spend abundant time in looking for a suitable apartment as well as a roommate. Check all the items on the rental contract before you sign it or pay the deposit. Some landlords may request you

to provide rental references and financial proofs. Check if utilities such as gas, electricity, water and trash will be included in the monthly rental, and that they are functioning properly before you move in.

On-campus housing

Some universities offer special housing for international and local students to experience cross-cultural interactions. Check the details about the hostel applications and all other information on the housing website or the information prepared by your host university.

Some of the hostels will close down during the term break. Remember to arrange short term accommodation or other plans during this period or else you will be living nowhere. Make sure that you have confirmed your accommodation with the host institution or other relevant agencies. If you have not received any information or confirmation before departure, you should contact them and confirm the status immediately.

In case you are not offered a campus residence hostel nor secured a rental apartment prior to your arrival, you need to plan to arrive one to two weeks earlier to settle the accommodation arrangement.

c. Credit Transfer and Course Load Requirement

Can I take the courses not in my major during exchange?

You are not limited to courses in your major, but you will have to meet the course requirements, e.g. pre-requisites, in order to get in the courses. You are encouraged to enrich your knowledge on different aspects through the exchange, but it is important for you to consult relevant departments before taking the courses if you wish to transfer the credits back to CUHK.

How many units of course should I take during exchange?

As an undergraduate student, you must enroll in and pass a required number of courses when they are on exchange. The minimum requirement is nine (9) units and passing at least six (6) of them per term or the equivalent, except for summer exchanges. Failure to comply with the aforementioned requirements may lead to complications in graduation and/or receiving full repayment of any financial support under the CUHK Student Exchange Financial Aid and Scholarship Scheme (FASS).

How do I get credit from exchange study?

Academically, you should approach relevant CUHK academic departments which have full autonomy to determine which courses taken abroad could transfer credits to CUHK. You are recommended to approach relevant departments for preliminary assessment on course and unit exemption of particular courses.

Administratively, you should contact the Registration & Examinations Section at CUHK for instructions on transferring credits. Before you return to Hong Kong from your exchange, you should ask the host university for an official transcript to be sent directly to the Office of Academic Links in a sealed envelope.

Can I go on exchange at any point during my studies at CUHK?

Undergraduate students should go on exchange in their second or third or fourth (if applicable) year within their normative study period at CUHK. Most students choose to go after their second year at CUHK. If you are a final year student, please refer to [d. Final Year Students](#) for details.

d. Final Year Students

Am I a final year student?

You are a final year student if your expected graduation date is 31 July or 31 December 2022 (as shown on CUSIS in October 2021).

When to go on exchange?

Final year students who wish to go on exchange after the expected graduation date can only go for one academic term (except for students with an expected graduation date on 31 December 2021). The exchange must take place immediately after their last academic term for taking courses for graduation (excludes summer) at CUHK. The table below shows the eligible exchange periods for students with different expected graduation dates.

		Exchange Period		
		Term 1, 2022-23	Term 2, 2022-23	Year, 2022-23
Expected Graduation Date (as of October 2021)	31 December 2021	Not Eligible		
	31 July 2022	Eligible but must apply for extension of study period for Term 1, 2022-23	Not Eligible	
	31 December 2022	Eligible (No need to apply for extension of study period)	Eligible but must apply for extension of study period for Term 2, 2022-23	

Is exchange after fulfilling all graduation requirements possible?

According to the [General Regulations Governing Full-time Undergraduate Studies](#), CUHK undergraduates who have satisfied all graduation requirements shall graduate (Regulation 12.1). Students are strongly recommended to have good planning of their academic studies to avoid extension of study period after fulfilment of all graduation requirements, particularly course unit requirement, to participate in an exchange programme.

Students who, due to special reasons, cannot avoid going on exchange after fulfilling all graduation requirements need to detail the reasons in their Application for Suspension of Studies and Change of Study Period to RES for (i) approval by major department/ programme and (ii) final approval by the Registrar in the coming May/June. Failure to submit a completed Application for Suspension of Studies and Change of Study Period as instructed by RES or unsuccessful in obtaining the approval will result in cancellation of the exchange nomination. Students take full responsibility for all costs related.

When to submit the “Indication of Intention to Extend Study Period for Exchange (2IESPE)” form?

Final year students who intend to go on term-time exchange after the expected graduation date must submit a completed 2IESPE form and seek pre-approval from their major department/ programme on or before 15 December 2021.

Please click [here](#) to download the 2IESPE form.

Does the 2IESPE form also serve as an “Application for Suspension of Studies and Change of Study Period”?

No, the 2IESPE form is for the selection exercise of Shaw College only. Students concerned who receive an exchange nomination will be contacted by the RES in May/June 2022 for submission of an official "Application for Suspension of Studies and Change of Study Period".

NOTE: The 2IESPE form will be forwarded to the Registration and Examinations Section (RES) for extension of your study period at CUHK if you receive and accept the exchange offer. **By accepting the exchange offer, it also means that you have decided to defer your graduation until after 2022. If you accept the exchange offer but decide to withdraw from the exchange programme and graduate in 2022, it is your responsibility to inform Registration and Examinations Section, Shaw College and your major Department on or before 1 June 2022. Your graduation will be deferred if you do not do so.**

How to apply for course and unit exemption?

If graduating students intend to apply for course and unit exemption, you should make application for course and unit exemptions on CUSIS (for preliminary approval of department) by early November (for 1st term exchange) and mid-March (for 2nd term exchange), late submission may affect your graduation assessment. Final approval will only be given after the official transcript is received with pass grade(s) for the course(s) concerned.

It is necessary that the official transcript should reach Registration and Examinations Section via OAL or directly sent from the host institution by December (for 1st term exchange) and May (for 2nd term exchange), otherwise, the graduation assessment and release of the award result may be delayed.

e. Cost

Fees required for a typical exchange programme would include the following:

- CUHK tuition
- CUHK and College Student Union Fees (For undergraduate students only; not applicable for summer programmes)
- Accommodation (CUHK or host university / country)
- Health and Travel Insurance
- Meal Plan
- Student Visa
- Airfare

Other costs which you will incur during your exchange period include:

- Books and stationery
- Personal expenses
- Cultural activities
- Transportation (local and inter-state)
- Warm clothing for some exchange destinations

When do I pay?

Before you depart for the exchange programme, you will need to pay the CUHK tuition fee and student union membership fees. Failure to do so will disqualify you from the exchange programme. Other fees are payable either before or during the exchange depending on the programme and the nature of the fee.

f. Scholarships and Financial assistance

Selected students of exchange programmes would be invited by the College to apply for scholarships for exchange programmes. A total of 66 students were awarded each with a

scholarship of HK\$10,000 to participate in an overseas exchange programme in 2021-21. In 2022-23, 80 scholarships will be awarded to students (HK\$10,000 each). 20 out of 80 scholarships will **ONLY** be awarded to students participating in **College Exchange Programmes**.

Selected students with financial difficulties may also apply for the College Loan or Bursary for Exchange Programmes in January/February. The value of each bursary for outgoing exchange students in 2020-21 ranged from around HK\$9,100 to HK\$31,900 depending on the financial need of the applicants.

The College reserves the right to terminate and/or claim repayment of the subsidy, scholarship or any financial aid to students should the students withdraw from the exchange programme, or have failed to complete the exchange programme.

Additionally, the Office of Academic Links provides student exchange financial aid and scholarship scheme (FASS), please visit the OAL website [here](#) for details.
